

POTOMAC VALLEY FLY FISHERS

Education — Conservation — Stewardship

For over 50 years, the Potomac Valley Fly Fishers club has promoted interest in fly fishing and the angling arts.

Learn

Enjoy monthly programs with guest speakers, public service events, beginner and advanced fly tying classes, casting clinics, and more. Our club offers a wide variety of activities for fishers of all skill levels and all ages.

Conserve

Club members work to protect and conserve the natural fisheries around Frederick and throughout Maryland. We advocate sound management and use of our natural resources through education and stewardship.

Fish

Of course, club members also go fishing! Throughout the year, we schedule outings to spend a day together on a stream, river, or lake. More experienced anglers serve as mentors and colleagues for those just starting out.

Join

If you're interested in fly fishing and the angling arts, we hope you'll join us. Check out our website for upcoming events and to download our registration form. Then, bring your completed registration form to our next event.
